COMMUNITY REFERRAL SYSTEM (CRS):

We continue with the community referral system that began in the year 2021. In January the cataract finder in Nyamira North Sub County screened patients in the community as shown in the table below.

Name of Region	County	No. of House holds	Cataracts Advised	Cataracts done	Patients Referred to base hospital
Nyamira North Sub County	Nyamira	88	50	30	58
TOTALS		88	50	30	58

CASE STUDY

Joy Becky a 5 years old girl from Kioge -Bombo Nyamira County has struggled with her eye sight problem for more than two years now. Being an orphan, she lives with her grandmother who is very old and therefore would not take her to hospital. Joy Becky was discovered by our Cataract finder during his field work and she was referred to Kisii Eye Hospital for eye examination. She was diagnosed with acute allergies and has now been put on drugs as we monitor her progress.

Joy Becky being examined at the hospital

WORLD BRAILLE DAY 2022

Kisii Eye Hospital too joined the world to commemorate the World Braille Day.

Every year World Braille Day is observed on January 4th. The day intends to spread awareness about Braille which is the means of communication for blind and visually impaired people.
