A COLLABORATIVE ENDEAVOR BY SAIT AND OPERATION EYESIGHT UNIVERSAL

Innovation Eye Centre - Kisii recently had the privilege of hosting a team of Bachelor of Business Administration students from the Southern Alberta Institute of Technology (SAIT), Canada in collaboration with Operation Eyesight Universal Canada, Operation Eyesight Universal Kenya, and Innovation Eye Centre - Kisii. Terdoo Azenda and Xavier Fahey, accompanied by their faculty member, Professor Fiaz Merani, visited the Hospital with the mission to conduct an operational analysis at community-based eye health centers.

During their visit, Terdoo and Xavier delved into the day-to-day operations of the hospital, gaining firsthand experience on how administrative processes are managed. They also took the time to listen to the opinions and insights of the hospital employees, which provided them with a comprehensive understanding of the challenges and successes within the Hospital.
