## MAY 2024 NEWSLETTER

## EXPLORING COLLABORATIVE OPPORTUNITIES IN EYE HEALTH

Innovation Eye Centre Hospital hosted distinguished visitors from the International Centre for Eye Health (ICEH) On Monday, May 27th, 2024. The visit, led by Ms. Mareia Zondervan and Ms. Cova Basaran Fanego, was a turning point in both institutions' endeavors as they embarked on working together to develop innovative training programs to address preventable blindness and visual impairment.

The ICEH representatives, hospital management, Doctors & Nurses had an interactive session at Innovation Eye Centre where there were discussions and knowledge exchange mainly centered on creating a connection between the organizations so that there would be more collaboration in improving eye care services especially in areas characterized by poor access to quality eye care.

Elizabeth (nurse) Mareira Zondervan, Cova Fanego, Mrs. Kiage (COO) & David Nyakundi (Head of Nursing)

# INNOVATION EYE CENTRE BRINGS EYE CAMP TO KISUMU CENTRAL

Innovation Eye Centre is elated to share the success of our recent eye camp held in Kisumu Central from May 6th to May 11th, 2024. During the camp, our team which is made up of committed professionals conducted visual tests for many inhabitants. This enabled our Doctors to pinpoint persons who may have sight issues and therefore take necessary actions concerning their eye treatment.

For those found with cataracts which is a common cause of loss of sight, we had a smooth referral system. They were directed to our newly opened branch of Innovation Eye Centre in Kisumu where they underwent cataract surgery.

# INNOVATION EYE CENTRE WELCOMES NEW STUDENT ATTACHMENTS

Innovation Eye Centre is thrilled to announce the arrival of three very talented students who will be joining us for a three-month attachment program.

We are happy to receive Diana Jeruto and Samuel Ogechi. They are both pursuing a Bachelor of Science in Optometry and Vision Sciences at Masinde Muliro University of Science and Technology (MMUST). During this time, they will work alongside experienced optometrists.

We also take this opportunity to introduce Ian Ongoro, a Bachelor of Science (Computer Science) student from Kibabii University. Ian will be working with our IT department.
