

KISII EYE HOSPITAL

JULY 2024 NEWSLETTER

EYE CAMP AT NDIWA HOSPITAL

The Innovation Eye Centre, Kisii, recently concluded a highly impactful eye camp at Ndiwa Hospital on the 20th and 21st of July 2024. This two-day event was dedicated to providing essential eye care services to the community, reinforcing our commitment to enhancing eye health in the region. 15 patients underwent surgeries during the camp, addressing critical eye issues and helping improve their vision.

Our team, comprising ophthalmologists, optometrists, and support staff, worked tirelessly to screen hundreds of patients for various eye conditions. The initiative was part of our ongoing outreach program aimed at extending our services to those in underserved areas, ensuring that everyone has access to quality eye care.

KENYA CLINICAL OFFICERS ASSOCIATION (KCOA) CONFERENCE

Staff from Innovation Eye Center - Kisumu took part in the Kenya Clinical Officers Association (KCOA) Symposium, held on the 25th and 26th of July, 2024, at the Golf Hotel Kakamega. The conference addressed the urgent issue of the non-communicable disease burden in Western Kenya, with Dr. Dan Kiage delivering a presentation on eye health.

The symposium's theme, *"Non-Communicable Disease Burden in Western Kenya & Clinical Officers' Intervention Strategies in Achieving Universal Health Coverage,"* emphasized the pivotal role of clinical officers in addressing these health challenges and contributing to the broader goal of Universal Health Coverage (UHC) in the region.

VISITORS TOUR THE NEW INNOVATION EYE CENTRE - KISUMU BRANCH

We had the privilege of welcoming several distinguished visitors to our new branch, including many Medical Doctors. Among them were Dr. Kariuki and Dr. Kahaki Kimani, senior lecturers at the University of Nairobi and Consultant Ophthalmologists. They experienced firsthand the cutting-edge technology and comprehensive eye care services we offer.

Located in the serene environment of Milimani, Innovation Eye Centre - Kisumu is equipped with the latest diagnostic and treatment technologies. Our team of experienced ophthalmologists and support staff are dedicated to delivering personalized care that meets the diverse needs of our patients. During the visit, our guests were given a tour of the facility, showcasing our specialized treatment rooms and advanced diagnostic equipment.
