INNOVATION EYE CENTRE EMBRACES DIGITAL HEALTHCARE

Innovation Eye Centre-Kisumu was delighted to host a team of experts from Summitech, Nigeria, in February for an intensive training program on the Indigo Electronic Medical Records (EMR) system. The training sessions were aimed at equipping the hospital staff with the necessary knowledge and skills to effectively implement and utilize the Indigo EMR system. This digital solution streamlines patient records management, improves workflow efficiency, and enhances the overall quality of healthcare services. With the new system in place, Innovation Eye Centre-Kisumu is now better positioned to offer seamless, data-driven, and efficient medical services.

IMPROVING EYE HEALTH ACCESS

Innovation Eye Centre Kisumu recently conducted a series of outreach activities aimed at bringing essential eye care services closer to the community. Through these outreach programs, the hospital provided eye screenings, consultations, and treatment to members of the community, ensuring early detection and management of eye conditions.

NEW STAFF APPOINTMENTS

Dr. Jitel Patel, a highly skilled ophthalmologist, has joined Innovation Eye Centre. He brings a wealth of experience in eye care, along with a deep passion for restoring vision and improving patient outcomes.

He will be working alongside our senior ophthalmologists to provide high-quality eye care services to our patients. We warmly welcome Dr. Patel to the team and look forward to his contributions.
