## **Innovation Eye Centre Outreach Camp in Kisumu County**

Innovation Eye Centre recently held outreach camps at Kombewa County Hospital, Manyuanda Health Centre, and Ratta Health Centre, performing 51 cataract surgeries. These camps provided eye screenings, surgical interventions, and health education, improving vision and quality of life for patients in the region. The initiative reflects the hospital's commitment to bringing specialized eye care to underserved communities in Western Kenya. Innovation Eye Centre continues to expand its outreach programs, ensuring timely diagnosis, treatment, and follow-up care, and empowering communities to prevent avoidable blindness.

## Successful Eye Health Camp Conducted by Kisii Outreach Team at Ndhiwa

Our Kisii outreach team recently organized a successful eye health camp at Ndhiwa, reaching hundreds of patients from the local community. The camp focused on comprehensive eye screenings, early detection of eye conditions, and raising awareness about the importance of regular eye care.

During the camp, 97 cataract surgeries were successfully performed, ensuring improved vision and quality of life for many patients. All participants received thorough examinations, guidance on eye health, and referrals for further treatment where necessary.

We thank the community for their participation and look forward to continuing our efforts to improve eye health across the region.

## **CME Session Recap – Strengthening Eye Care in Kisumu**

Innovation Eye Centre hosted a focused CME on Friday, 28th November at Elle Garden, Kisumu, enhancing frontline clinical capacity. The session covered glaucoma and diabetic eye disease, emphasizing early detection, screening gaps, and management trends.

Clinicians received practical updates, key warning signs, and guidance on advanced intervention, along with a direct Q&A with specialists. This initiative reinforces Innovation Eye Centre's commitment to reducing preventable blindness in Kisumu County and empowering healthcare professionals to make timely, life changing decisions for their patients.

## **Celebrating 12 Years of Transforming Lives Through Better Vision**

Innovation Eye Centre proudly celebrated 12 years of existence, innovation, and dedicated service to the community. Over the past decade, the Centre has grown into a trusted provider of quality eye care, driven by a strong commitment to excellence, compassion, and continuous improvement. The anniversary was a moment to reflect on the journey, appreciate the dedication of staff, and acknowledge the trust placed in us by our patients and partners. As we mark this important milestone, Innovation Eye Centre reaffirms its mission to improve vision, transform lives, and serve the community with integrity and care.

## **Innovation Eye Centre Marks World Diabetes Day at Gusii Stadium**

Innovation Eye Centre proudly participated in the commemoration of World Diabetes Day at Gusii Stadium, an event that brought together key stakeholders committed to diabetes awareness, prevention, and management.

The event was organized in partnership with the World Diabetes Foundation, Kisii University, Kisii Lions Club, Kisii Teaching and Referral Hospital, Stima Sacco, Novo Nordisk, and the Kenya Diabetes Management and Information Centre (DMI Centre).

During the event, Innovation Eye Centre provided free eye screenings, educated participants on diabetic retinopathy, and emphasized the importance of routine eye examinations for individuals living with diabetes. The team actively engaged community members on the value of early detection and helped raise awareness about the impact of diabetes on vision.
