Improving Lives through Affordable Quality Eye Care

Macho Bora . Maisha Bora

JULY 2026 NEWSLETTER

Bringing Quality Eye Care Closer to Our Communities

Throughout the month, our teams conducted several eye-care camps across different communities, reaching patients who might otherwise have faced challenges accessing specialized eye services. The camps provided comprehensive eye screening, consultations, diagnosis, treatment and referrals for patients requiring further care.

A major highlight of the month was the successful management of several cataract patient camps, through which hundreds of patients were assessed and prepared for surgery. Our dedicated clinical teams went on to perform hundreds of cataract surgeries, helping patients regain clearer vision and improve their independence and quality of life.

Strengthening Partnerships Through the Ogembo Vision Centre-Based Community Eye Health Programme and EARN Trial Review

Innovation Eye Centre participated in the Ogembo Vision Centre-Based Community Eye Health Programme (VCBCEHP) and KEMRI Economic Advantages of Readers for Near Vision (EARN) Trial Semiannual Review Meeting held in July 2026. The meeting brought together key partners, including Operation Eyesight, KEMRI and Peek Vision, to review progress and strengthen collaboration in community eye health.

The semiannual review meeting was held at Dallas Premiere Hotel in Kisii and provided an opportunity for partners to assess the progress of the Ogembo VCBCEHP and EARN Trial, reflect on achievements and challenges, and discuss priorities for the next phase of implementation.

The Economic Advantages of Readers for Near Vision (EARN) Trial focuses on understanding the benefits and economic value of providing appropriate near-vision correction, while the Ogembo VCBCEHP focuses on strengthening community-based eye health services and improving access to eye care.

Participants during the Ogembo Vision Centre-Based Community Eye Health Programme (VCBCEHP) and KEMRI Economic Advantages of Readers for Near Vision (EARN) Trial Semiannual Review Meeting held at Dallas Premiere Hotel, Kisii, in July 2026.

Dr. Dan Kiage, Chief Medical Director, giving his remarks during the Ogembo VCBCEHP and KEMRI EARN Trial Semiannual Review Meeting held at Dallas Premiere Hotel, Kisii.
