Innovation Eye Centre Marks World Sight Day 2026

On 8th October 2026, Innovation Eye Centre joined the global community in celebrating World Sight Day under the theme “Every Story Counts.” The hospital hosted a free eye care camp that welcomed residents from across the Kisii region, offering free consultations and treatment to promote eye health and widen access to quality care.

Held in partnership with Operation Eyesight Universal, the outreach screened and treated 226 people. Of these, 39 received cataract surgery, conducted in partnership with The Fred Hollows Foundation.

The event was graced by Prof. Dr. Dan Kiage, Chief Medical Director, and Mrs. Jacqueline Kiage, Chief Operations Officer, whose presence underscored the hospital’s commitment to improving community eye health.
